Jordan River Recreation

- **There are over 50 miles of the Jordan River**
- **We really want to conserve it as much as possible**
- **Yet we want to use it for recreation purposes**
- **We want it to be a focal point of activity and enjoyment**
- **The Jordan River parkway achieves a lot of that**
- **We can expand on that vision!**
- **Get people to come down and enjoy being on not just along the River**

Why this Plot of Land?

This section of the river is the only location that is suitable.

- **Long enough with easy bends – 2000m.**
- **Slow Flow.**
- **Widest section with most water.**
- **Dredged to keep it deep enough.**
- **No low bridges.**
- **Water in the river all year, if there is water?**
- **Plot of land we hope is available that is a good size.**

Utah Crew 30-40

GSL Rowing 20-40

Waterford & Utah Crew currently row on the Surplus Canal, store our boats and equipment in a pump manufactures yard.

With proper facilities we would hope to greatly expand these numbers as well as start a U of U rowing club.

We would also like to start a corporate rowing division.

We are also hoping one of the canoe clubs will come and join us to help with the Kayaking and Canoeing.
